PERFORMANCE

UltraSol is a leader in heavy duty decreasing, providing excellent performance without compromising environmental integrity or the health and safety of its user. Due to its low odour, UltraSol has a wide range of uses in various applications, especially in enclosed areas such as mines, small shops, tanks and crawl spaces.

UltraSol works aggressively to penetrate and emulsify the hydrocarbons of most heavy greases and oils. UltraSol is safe to use in hot areas and on hot surfaces where fumes are a problem and rinses totally free with no residue left behind.
