

MEGASOLs

DEGREASING SCAVENGER

CRUDE OIL TANK CAR DEGREASER WITH H₂S SCAVENGER

ALL THE PROPERTIES OF THIS INDUSTRY LEADING HEAVY DUTY DEGREASER IS NOW AVAILABLE WITH H₂S SCAVENGER CHEMISTRY. MEGASOL-s IS THE PERFECT BLEND OF CHEMISTRY FOR CLEANING AND DEGREASING CRUDE OIL TANK CARS WHEN TRACE AMOUNTS OF H₂S MAY BE PRESENT.

+ HEALTH

- Low toxicity
- Non-carcinogenic
- Non-sensitizing
- No long term health effects
- Low odour

△ SAFETY

- No special protective gear required
- Non-flammable
- No hidden toxins
- Not regulated under TDG

♻️ ENVIRONMENT

- Readily biodegradable
- Limited effect on aquatic life
- No ozone-depleting substances
- Safe alternative to hazardous chemicals

PRODUCT APPLICATIONS

- Cleaning / degreasing where H₂S may be present
- Crude-oil tank car cleaning
- Tanks, heavy equipment, well heads
- Waste collection tanks in food processing facilities
- Oil sands, bitumen, heavy crude
- Hydraulic tanks
- Oilfield equipment, service rigs, downhole tools, BOPs
- Sludge & oil field tanks – asphaltenes, waxes, heavy grease & invert muds
- Pipeline tool cleaning and repair
- Environmental cleanup

PERFORMANCE

Many industrial degreasers perform well on pure hydrocarbons but struggle to achieve the desired cleaning results when contaminants like soil, mud and sand are present. The powerful surfactants go to work breaking down these contaminants, while the complex solvency of MegaSol-s aggressively penetrates and emulsifies heavy oils like bitumen and tar, all while scavenging trace amounts of H₂S. MegaSol-s can be used in combination with our stand-alone scavenger H₂SoI when known levels of H₂S are present.

MegaSol-s offers this extraordinary performance without compromising environmental integrity or the health and safety of the user. MegaSol-s has a wide range of uses in various applications due to its high safety rating and low odour together with its ability to aggressively penetrate hydrocarbons while scavenging tramp H₂S and other mercaptans.

MegaSol-s can be safely used on hot surfaces and will not damage paint or decals, rinsing totally free with no residue left behind, achieving current inspection standards.
